will be in **May**

Welcome to this winter new topics !!

In this 1st Quarter edition for year 2018, we are featuring another historical and interesting topics. First, congratulations to all Bahrain Management Society members (BMS) for this first time achievement in Bahrain. Our 2.6 GB size documents are now digitized and fully protected on the cloud with passwords access for higher security. It is a historical moment because we are the first old established society in Bahrain to digitize their complete documents from paper to softcopies. Many thanks to BMS President and Board members for their support, specially Mr. M. Rashid, membership's Director for his continues engagement to achieve this objective. Also to Sec. Ms. Zainab Asheer for her hard work to scan the documents to PDF and to index them. Other topics in this edition are related to our Management Talks, young members interest on the Chambers of Commerce coming elections and the Book Review night.

Congratulations!

BMS Documents on Cloud Software

As part of our ongoing efforts and initiatives in practicing Knowledge Management, we managed to digitize and safeguard our paper documents as knowledge assets (2.6 GB) from being lost forever and stored them on the cloud for safety.

An Interview With a Member

On 11th Feb. 2018, Mr. Ali Lari, a young member of BMS came to visit us with two of his team from the ALGHAD coalition of young people. Their objective is to gain support for their efforts to be members of the Bahrain Chamber of Commerce, representing The Young Business People. We made this short interview with them.

The Editor Yousif Amin with BSE member Mr. Ali Lari and two of the ALGHAD Coalition team (Mr. Yaqoob

SUMMARY OF THE INTERVIEW

Q1: What are your main objectives to be members of the Chamber of Commerce ?

We want to be represented in the Chambers of Commerce to be able to help and develop all types of SME's because this what the future is. We can help by providing the necessary support and training for SME's and also to increase them as strong foundation to the country.

We hope that BMS will be coordinating with us the trainings in the future, being a well respected society in Bahrain and has great experienced members with SME's.

Q2: What do you want from BMS members to help if they are holders of a valid Commercial Registration (CR)?

Before this year, voting was restricted to few members only, But from year 2017, it is now mandatory to all CR holders to vote in this coming election. So we gained about 55,000 extra votes to help us achieve our objectives. Before each member needed only 5000 votes but now will need 40,000 to get in.

Q3: When is the next election and where is it going to be held?

The election will be on the 10th of March 2018 at The Shaikh Isa Library in the Juffair Area. Please come and give us your support with your CPR (ID card) only.

REMEMBER

BMS members with CR can vote on 10th March

At Shaikh Isa Library, Juffair Area

As part of BMS's new initiatives to host the Books Writers, for evening with the members to discuss their published books, Dr. Lulwa Almutlaq, Board Member, on 6th Feb. 2018, invited Eng. Nabil Abdulrahman Al Mahmoud, Ex-Chief Executive Officer of Bahrain Chamber of Commerce and Industry, Business Development Consultant and Management Expert, who has recently written and published a book in Arabic titled:

“قبل ان تنهاوى”

"Before Falling"

The book contains 100 articles in management taken from his practical experience and rich career in leadership and administrative sciences. This book is considered one of the strongest books, as it came in a unique formulation and the first of its kind in terms of style and giving solutions to the problems. Beside, Eng. Nabil Mahmoud, has written it in a narrative way to reach the understanding of all segments and age groups.

The Electricity and Water Affairs Minister Dr. Abdulhussain Mirza received CEO of Al Mahmood Consulting Group Nabil Abdulrahman Al Mahmoud who has presented to him a copy of his latest book.

Dr. Mirza praised the efforts of Mr. Al Mahmoud and his contributions to the publication of the book, which, he said, would enrich readers in the field of management science.

Mr. Al Mahmoud expressed his thanks and appreciation to the minister for his encouragement and continuous support to Bahraini writers and authors.
