## Welcome to the new BMS e-Newsletter Outlook!

It has been long time since the last Newsletter was published. As a Knowledge Management (KM) specialist, it gives me great pleasure to re-start this electronic Newsletter in its new outlook and contribute to The Bahrain Management Society KM strategic objective which is to enhance knowledge sharing and coordination between its members for the long term benefits to Bahrain. KM can enhance our society and make it more efficient when ALL the members are engaged with common interest. Our common interest is to develop our beloved country, **Our Kingdom of Bahrain**. That's why BMS was originally created. Correct? This electronic Newsletter belongs to you as a valued member. So best to make use of it. The purpose is to provide specialized information related to management. Newsletters can be a great way to market yourself, create credibility to BMS and build awareness to other members. If you would like to contribute with any news or articles in management, then please contact us on mob. 39668769 or by email on: [protonco@gmail.com](mailto:protonco@gmail.com).
